Freeliner Policy

The Freeliners column is open to *current* MMPA members who wish to advertise – at no charge – goods or services relating directly to their dairy farm operations.

- An item submitted will be published for no more than two consecutive months. (One month, unless otherwise requested.)

- After that, it will be withdrawn.

- It will be published again for no more than two consecutive months only if the member resubmits the item by contacting their MMPA Member Representative or by writing or calling the Novi office.

- Reference to a name of a firm or other commercial enterprise with which a member is involved will be deleted, with permission of the member.

- If the member does not wish such deletion, he may choose to have the item published as a Classified Ad at the regular per-line Classified Ad rate.

- Freeliners must be received by the 10th of the month preceding the desired month of publication. *Example* – to be included in the January issue, the freliner must be at the MMPA office by December 10th.

Udder Singe

DAIRYMEN:

Udder health is the key! Using the UDDER SINGE for low heat flaming is a quick and easy way to eliminate long udder hair. Keeps dirt and manure off udders and teat ends. Lower SCC & bacteria counts. Control mastitis. Milking employees and equipment stay cleaner. Udder prep is more effective, milking time shorter. Prevention is less costly than treatment!
