Freeliner Policy

The Freeliners column is open to *current* MMPA members who wish to advertise – at no charge – goods or services relating directly to their dairy farm operations.

- An item submitted will be published for no more than two consecutive months. (One month, unless otherwise requested.)
- After that, it will be withdrawn.
- It will be published again for no more than two consecutive months only if the member resubmits the item by contacting their MMPA Member Representative or by writing or calling the Novi office.
- Reference to a name of a firm or other commercial enterprise with which a member is involved will be deleted, with permission of the member.
- If the member does not wish such deletion, he may choose to have the item published as a Classified Ad at the regular per-line Classified Ad rate.
- Freeliners must be received by the 10th of the month preceding the desired month of publication. *Example* – to be included in the January issue, the freeliner must be at the MMPA office by December 10th.

Hook up with the leader.

It's easy to see why Pioneer is the leader when it comes to corn silage.

- More farms plant Pioneer® brand corn for silage than any other brand.
- Increased emphasis in corn silage research — silage hybrid development.
- Many silage hybrids contain Herculex® insect protection traits to reduce insect damage to grain and help prevent molds and mycotoxins. This helps ensure a consistent supply of high-yielding, high-quality silage.
- Research tested, analyzing more than 54,000 grain and forage samples per year.
- Unmatched facilities, investment and people combine to deliver industry-leading agronomic and nutritional expertise.
- Increasing the value of your corn silage with revolutionary *NEW Corn Fiber Technology.*

Contact your local Pioneer sales professional to put the industry's leading corn silage company to work for your dairy.
