SERVICE AGE HOLSTEIN BULLS. Call Steve Alexander, 810-622-8545 evenings or 810-404-8546.

Freeliner Policy

The Freeliners column is open to *current* MMPA members who wish to advertise—at no charge—goods or services relating directly to their dairy farm operations.

- An item submitted will be published for no more than two consecutive months (one month, unless otherwise requested).

- After that, it will be withdrawn.

- It will be published again for no more than two consecutive months only if the member resubmits the item by contacting their MMPA Member Representative or by writing or calling the Novi office.

- Reference to a name of a firm or other commercial enterprise with which a member is involved will be deleted, with permission of the member.

- If the member does not wish such deletion, he may choose to have the item published as a Classified Ad at the regular per-line Classified Ad rate.

- Freeliners must be received by the 10th of the month preceding the desired month of publication.

Example: to be included in the January issue, the freeliner must be at the MMPA office by December 10.

Get more mileage from your silage

To stretch your corn silage, add Pioneer® brand 11CFT inoculant. Using exclusive Pioneer Corn Fiber Technology, Pioneer 11CFT provides **increased fiber digestibility** and **dry matter intake** for your cows, along with the efficiency benefits of **higher corn silage inclusion rates**. Having 11CFT in your silage also **improves stability** and **extends bunklife**. When you add it all up, Pioneer 11CFT simply means the potential to produce more milk.

Start getting more mileage from your silage with 11CFT. To learn how, contact your local Pioneer sales professional today or visit www.pioneer.com/forage
