503 S. Bullock St., Whittemore, MI

Milker Training Schools aim to help improve the marketability of MMPA members' milk by providing milk quality and animal stockmanship knowledge, tools and training to members and their employees.

Strategies to help members achieve this goal include:

- Relay proper milking techniques and milk quality procedures.
- Present the big-picture science of mastitis and milk quality.
- Give members a chance to try-on and practice proper milking techniques and procedures.
- Improve stockmanship and animal care while supporting National Dairy FARM requirements.

Milker Training School classes can be taught in Spanish upon request.

Milker Training School Values
Partnership, Quality, Animal Care Consistency,
Education and Affirmation

To register, contact: Marianne Gasiewski at 248-442-7597 or gasiewski@mimilk.com. A \$10 per person registration fee will be deducted from your milk check to cover lunch and material costs.
